«House on Schukinskaya» – a new residential complex in the area of Shchukino, which fits perfectly into the existing look of the old district of Moscow, yet possesses unique design features. The house with fenced guarded territory consists of 2 sections, on the territory of the playground there is a two-level underground parking. The building has ventilated facades made of ceramic elements, and for the glazing of the house energy-saving double-glazed windows are used. The house is put into operation, the property is formalized. Sale of 3 rooms flat layout. 4 windows face 2 sides, 2 bathrooms, dressing room. You can make 3 isolated rooms. Exit to the loggia from the bedroom. The property is framed, free sale.
